Before receiving delivery of flooring, be sure all masonry, stone, drywall is completed and climate controls operating for at least one week to normal living conditions. Rooms over 10' in width begin installation in center of room and use spline to reverse direction. Recommended 2" long approved flooring serrated nail or staple placed 6" to 8" apart. Nail and glue is best installation method. Leave ½" to ¾" expansion gap along all walls and hide gap with base and shoe.

**Skip Sawn** - Rough circle sawn surface, worn and softened by footsteps of old [Click for full installation details](#)  
**Artisan Scraped** - Full, pronounced scraping on the surface, mastered through years of time and trial  
**Time Worn** - Worn over areas diffused throughout the planks, where time and wear have left their legacy  
 Time Worn Face  
 Time Worn Edges & Ends  
**Burnished** - Wirebrushed for a slightly eroded and windswept surface  
**Drift Sawn** - Meandering rough circle sawn surface, worn by the elements of time and life
